The Enumamula Agriculture Market in Warangal, established over 117 acres, is Asia's second-biggest grain market and a major hub for cotton, red chilli, and rice. Historically, it has been the economic backbone of the district, evolving from traditional trade to a key hub for Genetically Modified (Bt) cotton adoption in the mid-2000s.

Enumamula Agriculture Market

Article Talk Read Edit View history Tools

From Wikipedia, the free encyclopedia

Enumamula Agriculture Market is an agriculture market located in Enumamula, [Warangal, Telangana, India](#).^[1] It is the second-biggest^[2] grain market in Asia.^[3] It is spread over 117 acres.

History

The market is run by the Agriculture Market Committee of the Marketing Department, [Government of Telangana](#). The total income, in 2024, was around 560M Indian rupees.^[4]

Market

The market has 450 commission agents (*adithidar*), 300 traders, 800 administrative staff and thousands of labors. It is divided into different yards based on the product, such as Mirchi Yard and Cotton Yard. The market serves as a big market for [red chillies](#) for Warangal and the neighboring regions of [Nalgonda](#), [Khammam](#), [Adilabad](#) and [Karimnagar](#). Traders from Guntur and Maharashtra purchase chillies in the market.

Enumamula Market Aerial View

e-NAM project

The market was selected as one of 40 markets in Telangana by the [Government of India](#) for the National Agricultural Marketing Project (NAM project) in 2016. Use of electronic weighing scales was one of the reasons for its selection. The project helps with its new [electronic trading platform](#) called e-NAM, by which any trader from participating markets can buy produce at the market and thus also reduce middlemen.

The Kazipet Railway Manufacturing Unit in Warangal, Telangana, is a **₹521+ crore project** designed to produce rail engines, wagons, and coaches. Civil construction is set for completion by **December 2025**, with full, state-of-the-art production—including **LHB and MEMU coaches**—expected to launch by the end of **2026**.

The **Railway Manufacturing Unit (RMU) in Kazipet, hanamkonda Warangal (Telangana)**, is a major central government infrastructure project aimed at strengthening the railway manufacturing ecosystem in India.

ET Infra +1

Here are the key details regarding its development, ownership model, and status:

Project Overview: The unit is being constructed over 160 acres to serve as a hub for producing Mainline Electric Multiple Unit (MEMU) rakes, specifically 16-20 car units. It is designed with advanced technology for manufacturing wagons (over 2,400 annually), including robotic painting, computerized machinery, and material handling.

Ownership Model: While the state government of Telangana provided land, the factory is a **Central Government project** funded by the Ministry of Railways, Government of India, and managed by South Central Railways.

Project Execution (Turnkey Contract): The project is entrusted to **Rail Vikas Nigam Limited (RVNL)** on a turnkey basis, with project execution by **PowerMech-Taikisha JV**. This ensures private sector expertise in the design and construction of the facility.

Investment: The first phase involves an investment of approximately

on **October 22, 2017**.

on **October 22, 2017**.

ET Retail +1

Here are the key details regarding the project initiated under his leadership:

- **Project Focus:** The Kakatiya Mega Textile Park is designed as India's largest integrated "farm-to-fashion" textile facility, spanning over 1,350 to 2,000 acres in Shayampet, Warangal.
- **Key Objective:** The aim was to create an end-to-end textile value chain (ginning, spinning, weaving, processing, garmenting) to leverage Telangana's position as a major cotton producer, aiming for 22,000 direct and 44,000 indirect jobs.
- **Major Investors:** Under KCR's administration, the park attracted major investors, including the **Kitex**

Group and Youngone Corporation.

- **Key Policy:** The development was driven by the Telangana State Industrial Project Approval and Self-Certification System (**TS-iPASS**), which offers quick clearances for investments.
- **Inauguration Update:** In 2025, it was reported that South Korean firm Youngone Corporation commenced production, with several units now fully

 The Railway Manufacturing Unit (RMU) at Kazipet(Telangana) has achieved a significant milestone with the successful trial run of a DSL locomotive with coach from Kazipet Yard into the RMU premises on 21 February 2026.

This marks the completion of track connectivity between the 160-acre facility and the main railway network, transitioning the project towards operational readiness ahead of commissioning.

With a 13.15 km internal track network, the RMU is set to enhance India's rolling stock manufacturing capacity and strengthen regional industrial development in Telangana.

ENG IN

-
- **Modern Features:** The unit will feature robotic painting, advanced material handling, and a 1-megawatt roof solar plant.
- **Employment & Logistics:** 13 km of internal rail track to connect with the mainline. The project is viewed as a major employment generator for local youth.
- **Implementation:** Rail Vikas Nigam Limited (RVNL) is developing the facility.

The Hindu +4

The project aims to make Telangana a key hub for manufacturing rather than just maintenance, significantly advancing the region's technical industrial infrastructure.

ET Infra +1

If you'd like more details, I can tell you about:

- The exact **types of coaches** being manufactured.
- **Job application processes** or training opportunities.
- The **official recruitment timeline** for the factory.

The Kazipet Loco Shed (KLS) in Warangal, South Central Railway (SCR), is a premier facility with a rich history of supporting both **diesel (since 1960s)** and **electric (since 1995)** locomotives, holding over 142 diesel and 175 electric engines. It transitioned from a diesel-only facility to a major electric hub, winning the Best Performance Shield four times.

Indian Railway +3

Key Historical & Operational Milestones:

- **Establishment & Evolution:** Initially a diesel loco shed handling American Locomotives (ALCO) and High Horse Power (HHP) engines, it adapted to handle electric locomotives to match the electrification of the New Delhi-Chennai main line.
- **Electric Loco Shed (ELS) Expansion:** Electric loco maintenance began around 1995, and the electric shed recently celebrated over 20 years of operations, specializing in Wide Area Multipurpose (WAM), Wide Area Passenger (WAP), and Wide Area Goods (WAG) engines.
- **Top Performance:** In 2024, the Kazipet Loco Shed (KLS) was recognized for its excellent performance in high-speed passenger train maintenance and its role as a key repair hub in the Secunderabad division.
- **Accident Relief & Innovation:** The shed has a dedicated Accident Relief Train (ART) wing that serves as a rapid response unit and developed the first "wheel floating in-situ" gadget in the Indian Railways.
Location: Kazipet Junction (near Warangal City) under the Secunderabad division of the South Central Railway.

Prime Minister Narendra Modi laid the foundation stone for the **Kazipet Railway Wagon Manufacturing Unit** in Warangal, Telangana, on **July 8, 2023**. The project, costing over ₹500 crore, was designed to boost regional railway manufacturing capacity, with construction in full swing as of 2025.

X +2

Key Details of the Project:

- **Location:** Kazipet, Warangal District, Telangana.
- **Project Type:** Wagon Manufacturing Unit (initially a wagon repair workshop, upgraded).
- **Investment:** Over ₹500 crore (announced to be enhanced to ₹521 crore).
- **Production Capacity:** Initially designed to produce around 100 wagons per month.
- **Impact:** The project was in response to a long-standing demand for a railway manufacturing unit in the region, aimed at creating thousands of direct and indirect jobs.
- **Significance:** It serves as a major infrastructure development project, with its development reported to be progressing rapidly as of mid-2025.

X +4

This project was a major highlight of the Prime Minister's visit to Telangana on July 8, 2023, where he also laid the foundation for several National Highway projects.

PIB

Would you like more information on the **production capacity** or the **expected completion date** of the factory?

The Kazipet Railway Manufacturing Unit in Warangal district, Telangana, is progressing rapidly, with Rs 3.10 billion—about 60 per cent of the total estimated cost of Rs 5.21 billion—already spent, Union Railway Minister Ashwini Vaishnaw informed the Rajya Sabha on August 8. The facility will be capa..

Electric Locomotive Shed Lallaguda completes 29 years of its service to the Nation. Located in the metropolis of Hyderabad, the shed was known for its excellence in maintenance of conventional and three phase locomotives.

Now being a pure three phase shed, it maintains both WAP7 and WAG9 class of locomotives. Seen here is Lallaguda WAP7 39269 in charge of Shalimar Secunderabad Weekly SF Express being overtaken by its younger shed mate in 39275 hauling Gitanjali Express at Santragachi Junction. Both the locomotives have been assembled by the Patiala Locomotive Works with traction converter and hotel load converter of Siemens.

Then-IT Minister K.T. Rama Rao (KTR) inaugurated the IT Park in Madikonda, Warangal, and several key IT company facilities there. Major milestones included inaugurating [Cyient](#) and [Tech Mahindra](#) units in January 2020, as well as the [Quadrant Technologies](#) Global Development Centre in 2023, positioning Warangal as a key Tier-II IT hub.

The Hindu +2

Key Details of Warangal IT Development:

- **IT Park Location:** The main IT development is located in Madikonda, on the outskirts of Warangal.
- **Inauguration Highlights:** KTR inaugurated Cyient's facility and a Tech Mahindra unit, highlighting the government's push for IT growth outside Hyderabad.
- **Major Companies:** Key players such as Cyient, Tech Mahindra, and Quadrant Technologies operate from this IT hub.
- **Expansion Efforts:** The government focused on developing IT in Tier-II cities to decentralize growth, providing employment for thousands of local youth.

As of April 2026, the redevelopment of Warangal's Mamnoon Airport is moving forward rapidly, with the Centre approving the project and a foundation stone-laying ceremony scheduled for **June 2026**. The Airport Authority of India (AAI) is executing the ₹850 crore project, aiming to complete the expansion of the defunct airstrip into a functional airport within 2 to 2.5 years.

Key 2026 Updates on Warangal Airport (Mamnoor):

- **Projected Timeline:** Work is expected to begin in early 2026, with a 2–2.5 year completion timeline for operation.
- **Expansion Details:** The plan includes a 2,500-meter runway designed for Airbus A320-category aircraft.
- **Land Acquisition:** The Telangana government has finalized handing over over 953 acres of land for the project.
- **Key Features:** The upgraded airport will feature a modern terminal, an air traffic control (ATC) tower, and safety infrastructure.
- **Economic Impact:** The airport is expected to boost the Kakatiya Mega Textile Park, the Warangal IT hub, and tourism, including UNESCO sites like the Ramappa Temple.

Wikipedia +4

The project aims to serve as a significant regional connectivity hub in northern Telangana, linking Warangal directly to major cities.

Updates on specific **terminal design** plans

- **Real estate trends** in the airport vicinity
- Announcements regarding **flight operators**

Let me know how I can narrow this down for you.

Union Civil Aviation Minister **Kinjarapu Ram Mohan Naidu** confirmed in early 2026 that the central government has sanctioned the development and operationalization of **Mamnoor Airport in Warangal**. The project, which was cleared after a 150-km exclusivity clause with GMR (Hyderabad Airport) was waived, is set to receive significant upgrades to support regional air connectivity.

Instagram +4

Key Details on Warangal Airport Sanction:

- **Approval:** Minister Ram Mohan Naidu approved the development, instructing the Airports Authority of India (AAI) to expedite construction.
- **Funding & Action:** The Telangana government sanctioned ₹205 crore for land acquisition, with the AAI committing to fund the overall project.
- **Development Plans:** The project involves expanding the runway to 2,500 meters, constructing a modern terminal, and establishing an ATC tower to support A-320 type aircraft.
- **Timeline:** State Minister Komatireddy Venkat Reddy announced plans to develop the full-fledged airport within 1.5 years.
- **Land Acquisition:** The state has initiated the acquisition of roughly 253 to 280 additional acres for expansion

Internet service provider (ISP) service fees in India typically range from **₹400 to ₹1,500+ per month** for residential broadband, with installation fees often added for new connections. Major providers like bsnl JioFiber, Airtel Xstream, and ACT Fibernet offer competitive plans starting at roughly **₹399-₹499/month** (for 30-40 Mbps) up to **₹3,999/month** (for >1 Gbps).

ACT Fibernet +3

Key Residential Broadband Fees (Approximate, monthly):

- **EntryLevel (30–40 Mbps):** ₹399 - ₹499 (often plus GST).
- **Mid-Range (100–200 Mbps):** ₹699 - ₹999 (often includes OTT subscriptions).
- **High-Speed (300 Mbps - 1 Gbps):** ₹1,199 - ₹3,999.

ACT Fibernet +3

Other Potential Charges:

- **Installation/Activation:** Some providers charge a one-time installation fee, while others offer free installation with specific long-term plans.
- **Router/Modem Fee:** A refundable security deposit for the ONU/router is common.
- **GST:** 18% GST is added to all plans.
